Dr Geo Engelmann

Dear Sir

I believe this
was forwarded to you from the Smith-
sonian last year some material
from Dr. Whilcox's expedition. If you
can favor us with a report on it
it will be most gratifying & in
the purpose publishing all of our
reports this winter & your early
attention will be a great favor
both to Dr. Whilcox & myself.

Very truly yours

H. P. Norton
